Classroom Needs

- Old stationary or cards
- Playing cards
- Items for our class store

This week in 4th grade:

Fieldtrip to Raleigh

Please return permission slips and fieldtrip money as soon as possible. I placed new permission slips in folders on Friday if I was missing your child's. If you did not receive one, then I have yours! Thanks! :)

Sharon Spirit Week

This week is Spirit Week at Sharon. Here is the schedule of events:

Tuesday-Tie Dye Day

Wednesday- Team/Jersey Day

Thursday- Pajama Day **A note about pajamas in 4th grade: please make sure they meet school dress code — not too short, tight, or thin.

Friday- School Colors/Spirit Day

Important Dates

March 30—End of 3rd Quarter
March 31—Workday
April 3-5—Book Fair
April 4—Spring Pictures
April 7-17—Spring Break

Tests

Thursday—Social Studies Assessment

Friday—Math Quiz on adding and subtracting fractions (moved from last week)

Friday—DLI Week 16 Assessment, Spelling Test

4th Grade Curriculum	1
Important Dates	1
Upcoming Tests	1

This week in 4th grade:

Reading—

We are continuing to learn about poetry and figurative language. We will be learning the different elements of poetry and the types of figurative language that often are present in poems. We will also be reading many different types of poems and working on comprehension strategies using those poems.

Writing—

We are working on an opinion writing piece in class. The kids are required to take an opinion on an issue or statement, then support it with evidence. We are working through the writing process with this assignment.

Social Studies—

We will finish up the unit learning about the Boston Massacre, the Intolerable Acts, and the First Continental Congress. We will have an assessment on Thursday. We have been completing a flipbook in class that students are able to use as a study guide.

After the unit on rocks and minerals in science we will come back to study the American Revolution including important battles in the country and North Carolina's role in the Revolution.

Science—

We will begin the unit on rocks and minerals late this week. We will start this unit out learning about weathering and erosion.

Math

We are working on adding and subtracting mixed numbers this week.
