

Social Studies:

You will need: Blank Map of the U.S., internet, your bracket

Research to learn where in the U.S. each team is from. Your map should include all 64 teams' locations.

Math:

You will need: Packet, your bracket, internet

Complete the packet. Due at the end of the tournament.

Science:

Design your own basketball goal and "shooter." Follow the directions on the handout. You must be able to acquire your own supplies.

Literacy:

Choose one school that is participating in the NCAA Men's Basketball Tournament. Research to learn more. See the handout for specific directions.

Health:

You will need: Basketball, Goal, Partner, Recording Sheet/pencil

Shoot (back-to-back) 10 free throws, 10 lay-ups, 10 three-point shots, and 10 half-court shots. Write how many you make as a fraction. Then write this as a decimal and percentage. If you do not have access to a basketball goal at your home or near your neighborhood, you can do this at recess!
